PART WINS NADCA SAFETY AWARD

Reaching Our Safety Goals

The National Air Duct Cleaners Association (NADCA) announced the winners of the 2005 Safety Awards at its Annual Meeting & Exposition. We are pleased that PART was recognized as one of only 50 companies nationwide that has sustained superior employee safety results. To receive NADCA's Safety Award, PART's OSHA 300A Logs were analyzed by NADCA's Education & Safety Committee and PART demonstrated no occupational injury and illness cases in 2005.

PART is proud to have certified members of NADCA on its management staff. NADCA is a non-profit trade association dedicated to setting standards and guidelines within the heating, ventilation, and air conditioning (HVAC) cleaning industry and represents certified contractors who perform HVAC system inspection, cleaning, and remediation.

Lindell Killian and Barry Harris

Reaching our Safety Goals is not an accident. Safety training and awareness constitute a large percentage of PART's weekly staff meetings. Each employee receives training annually in:

- ◆ Bloodborne Pathogen Exposure Control
- ◆ Confined Space Entry
- ◆ Hazard Communication
- ◆ Hazardous Energy Control (Lockout/Tagout)
- ◆ Hearing Conservation
- ◆ Respiratory Protection
- ◆ Universal First Aid

These classes are in addition to Site-Specific Safety Planning, Medical Surveillance Programs, Random Drug Testing, Mold Remediation Training, and HVAC System Training.
